Dear Deborah,

The enclosed is what I have written to Maria to go the first chance. To save time, I will send it to you, as it contains an outline of events since you left. Be careful of it & return it to Boston sealed

in an envelope directed to Mrs Henry G. Chapman all ready to go to Hays's Number it on the outside No 1. I shall tell Mary about it, so she will keep it till the proper time. Maria's letter by the Pilsb contained nothing

very special. She seemed to try to make it as redolent of comfort as possible. It was sent off Long Island. They were not sick, preferred the Double to the Lovell. There were letters for each of the children. I will send a note from Lucia which of course you are to destroy. Also a bit of my gown that you may see how you like it. The book I was are for Abby. I shall go out of town on Friday next. I mean to try to get over for a day to Cambridge. I shall go to Mr Loring's this time as I have not had an invitation quite particular enough. She is expecting me to take the next step, but on Miss Wade's, I thought not so. If you write before I leave town, direct to H. Chapman or in some of your own A. L. Weston.

I have in 2 thoughts sent W  
all the Examiner, in I cannot see  
the letter part the I have  
written the year

Miss Deborah Weston.
